

The hard-working Massachusetts State House Employees do a great job every day, putting in long hours to ensure the people of the Commonwealth are well represented. They have decided that they too want to be represented, by joining a Union. They deserve better for their efforts, and IBEW Local 2222 agrees. We need your help to make this a reality.

The right to organize is a basic tenet of our land. Many elected officials claim to be supporters and champions of organized labor. But words, if not followed up by actions, are cheap. One cannot claim to be a friend of organized labor, while at the same time being unwilling to publicly support workers right to organize here in our Commonwealth – We in Organized Labor cannot allow this.

Please join us in demanding the State House Employees right to organize. We ask you to:

- Scan the QR code below and sign on as a supporter, and ask your members to do the same
- Call and write your Senators and State Reps and ask they publicly support the efforts of their staff to form a Union
- For those Senators and Reps who refuse, withhold endorsements and financial contributions
